CAREER OBJECTIVE

As a passionate and detail-oriented Frontend Developer with over a year of professional experience, I seek to leverage my expertise in HTML5, CSS3, JavaScript, React.js, and Next.js to build dynamic, user-centric web applications. With a strong foundation in modern UI frameworks such as Material UI, Daisy UI, and Ant Design, I am committed to delivering high-quality, responsive, and innovative digital solutions. I am eager to contribute my skills to a forward-thinking company, continuously grow as a software engineer, and collaborate within a dynamic and creative team environment.

I am highly motivated to stay updated with emerging technologies and industry best practices to deliver cutting-edge solutions. My goal is to drive user engagement and create impactful digital experiences that align with business objectives.
